## *Delivery Agreement*

We at *Abe's Royal Tea Yorkies* are proud to offer a comprehensive delivery program. The health and minimum stress during delivery of our puppies is our goal. With that in mind, we have developed three delivery programs to choose from.

1. Delivery via Airline Cargo. With this delivery, puppy flies in Cargo. We will deliver to any major airport terminal in the United States. Airline delivery destination time, date and confirmation number will be supplied after \$200.00 delivery fee is sent.
2. Delivery via Courier Service. With this delivery, puppy flies with me "in lap" or designee to any major airport terminal in the United States. This is great for stress reduction while traveling to his/her new home. Flight information and confirmation number will be given upon payment received. Price for method two: \$450.00
3. Delivery via Automobile. With this delivery puppy rides with me in my vehicle to a city agreed upon by buyer and seller. Example(s): Louisville KY; Lexington, KY; Indianapolis, IN; Nashville, TN; Cincinnati, OH. Price for method three: \$1.00 per mile one way.

**Prices are subject to change depending on gas increases. This will be agreed on at time of sale, if gas increases.**
